

James Weisman

Cary, IL 60013

jweisman08@gmail.com

8478286465

I am a creative, talented and motivated individual. I am a quick learner with the ability to work independently or on a team. I have experience in Desktop and Server Support and Systems Administration. I have been an IT Manager with Proven training ability and managing end-user and computer support technicians. I have most recently have been attending McHenry County College in Crystal Lake, studying Web Design & Development and have earned a certificate in web design, and now I am looking to get back into the technology. field. I have done freelance website support and design work while in school. working with both WordPress, Square Space, Wix, Joomla, MailChimp and most recently with Divi builder and Duda. Other skills that I have acquired over the past two years has been designing and working with Adobe Photoshop, Illustrator, InDesign, GIMP, Inkscape, Figma Design, Axure RP 9, Woo Commerce web page (class project), working with the new Gutenberg WordPress Editor, dealing with web hosting companies for my clients. I have worked with Sass and LESS. Working with and improving the SEO for my client's web sites

Authorized to work in the US for any employer
